NEW ORLEANS FEELS ELATED

President's Decision to Visit City and Decline in Fever Gives Profound Satisfaction.

IMPETUS TO FIGHT

Coming of Mr. Roosevelt Will Have Good Effect on It.

MONDAY'S REPORT THE MOST ENCOURAGING OF ANY MONDAY SINCE THE FEVER STARTED AND SHOWS THAT AUTHORITIES ARE NARROWING DOWN PROGRESS OF THE DISEASE.

By Associated Press.
New Orleans, Oct. 2.—Following is the official report to 6 p. m.:
New cases today, 19; total to date, 3,042.
Deaths today, 2; total to date, 394.
New fecal, 6.
Cases under treatment, 204.
Cases discharged, 2,144.

New Orleans, Oct. 2.—Announcement through the Associated Press of the president's decision to visit New Orleans on his forthcoming trip to the south caused profound gratification today, and it is regarded as certain to give a stimulus to the fight now in progress to drive out the yellow fever before the end of the present month.

The president's refusal to be swayed by fear of personal risk, which so many influences have pressed upon him, has further commended him to the people of Louisiana and there is on every side a disposition to make his reception markedly cordial in appreciation of the sympathy he had shown and the active assistance he has given the city and state in the present crisis.

Mayor Behrman said today he felt supremely confident the president would find himself as safe in New Orleans, October 26, as in his own home. If he desires during his brief stay the president will be permitted to visit the emergency hospital, which Doctor White and associates regard as perhaps the place in the city most certainly proof against any danger of infection.

Today's report is most encouraging in the matter of new cases for any Monday since the fever started. For several weeks reports have been large, due to the incompleteness of the inspection for Sunday. Today's report may be taken, therefore, as an indication of the progress the federal authorities are making in narrowing the opportunity for the spread of the disease.

The Sunday Report.
New Orleans, Oct. 2.—The report of the fever situation for Sunday showed 23 new cases, three deaths, and four new foci.

"VILLAIN AND MURDERER; SWINDLER AND THIEF"

Terrific Arraignment of Convicted Bigamist by Brooklyn Judge Who Passed Sentence Upon Him.

By Associated Press.
New York, Oct. 2.—Frederick B. Carlton, was convicted on three charges of bigamy and one of grand larceny in Brooklyn, was today sentenced to an aggregate term of nine years in the state prison. In sentencing Carlton, Judge Aspinwall said:
"You are at heart a villain, murderer, swindler and thief, and I am sorry that I cannot send you to the electric chair. Just remember that your mother was a woman, but you played with the love of those women and when through with them you turned them out in the world with their shame upon them. You are one of the most dangerous men in the country."
As he left the court room after this denunciation, Carlton was met by a young woman who called him by name and began to weep, exclaiming: "What the judge said was true." Carlton laughed in the young woman's face and passed on.

THREE CRUSHED UNDER ENGINE

L. & N. SWITCH ENGINE JUMPS TRACK AND PLUNGES INTO CABOOSE.

Bessemer, Ala., Oct. 2.—Three white men were killed and a negro painfully injured by a switch engine jumping the track in the yards of the Louisville and Nashville railroad in this city at an early hour yesterday morning.

The Dead.
Tom Porter Bibb of Belle Mina, Ala.; lived at 629 Nineteenth street, Bessemer.
Joseph Aaron, Fifth avenue, Bessemer.
L. M. Blass of Columbiana, Ala.; lived in East Bessemer.
Silas Gray, negro fireman, sustained a severely strained ankle by jumping from the engine. His home is at Tenth avenue and Nineteenth street.
Engineer C. H. Rosser escaped injury by jumping from the cab.

All Prominent Young Men.
The three white men who were killed were switchmen and are very prominent young men of Bessemer. Aaron and Blass were killed instantly. Gray's body was severed in twain by the wheels passing over him. All three of the men were horribly crushed.

Bibb was carried to St. Vincent's hospital, where he died from his injuries within a short time.
It is claimed that the engine was running at a very high rate of speed when the accident occurred. Just as the engine was crossing Eighth avenue it jumped the track and swung sharply to one side, running into a train of empty cabooses, which was standing on a side track parallel with the line upon which the engine was running.
Two of the cabooses were knocked from the track and over a heavy embankment. They were smashed considerably, and the locomotive was greatly damaged.

Several days will be necessary to complete the transfer and Mr. Bacon will not take the oath of office until then, in order not to displace Mr. Loomis officially.
Postmaster General Cortelyou today concluded his annual vacation and assumed charge of the affairs of his department.

SUICIDE OF ANGUS RENFROE NEAR MILLIGAN YESTERDAY

Former L. & N. Foreman Shoots Himself in Head With Shot Gun.

WAS A WELL-KNOWN AND HIGHLY RESPECTED CITIZEN AND HIS FAMILY AMONG THE MOST PROMINENT IN WEST FLORIDA.

Special to The Journal.
Holt, Oct. 2.—Two of our citizens, Ben and Jasper Renfroe, were called this morning to the scene of their brother Angus's sad tragedy who committed suicide near Milligan early this morning. It is reported that he (Angus Renfroe) left the home of his brother, Jeff, early this morning to go hunting and had gone but a short distance when he, by premeditated design, fired a full load of shot into his own head, killing him instantly.

Mr. Renfroe was for several years an employee of the L. & N. railroad company, being section foreman at Milton. For the past few months he has been employed by the Stearns & Culver Lumber Co. as trackman.
During his residence at Milton he fell into the habit of drink. This, it is thought, together with some other grievances led to his sad ending. He leaves a wife and four children with whom many friends mourn his sad demise.

Mr. Renfroe came from one of the best families of Holmes county. His brothers, living in Holmes, Walton and Santa Rosa counties, are most highly respected.

DR. BOULTER DIED AT 1:45

Death Relieved Him Early This Morning After Most Agonizing Illness.

Dr. H. H. Boulter, who was reported as having yellow fever Friday, died at 1:45 this morning after nearly two days of most violent illness. He was taken with black vomit yesterday afternoon and from that time until his death he suffered greatly.
Mrs. Boulter arrived in the city from Chicago yesterday afternoon, having started for Pensacola as soon as she learned of her husband's illness and she was with him at the time of his death.

Dr. Boulter came from Chicago to Pensacola about five years ago and located here to practice his profession, dentistry, and he early made many friends and established a good practice. He was a congenial gentleman and a good citizen and the news of his death will be received with regret all over the city.

The deceased would have been 58 years old on the 19th of this month. He was a native of Canada, coming to the United States at the age of six years.
The funeral will probably be held tomorrow.

ONLY 13 CASES PAST TWO DAYS

Physicians are Holding the Fever Down and Hope for Improvement is Entertained.

CAMP OF DETENTION

It Will be Ready for Eighty Occupants To-day.

AFTER HEALTH OFFICER TAKES TEMPERATURES AND ISSUES PERMIT, TICKETS MUST BE PURCHASED FOR DESTINATION AND RAILROAD WILL ALLOW SEVEN DAYS DELAY AT DETENTION CAMP.

Following is the official summary of the yellow fever situation up to last night:
New cases, 8; total cases to date, 166.
Deaths, 1; total deaths to date, 27.
Cases discharged to date, 61.
Cases now under treatment, 78.

Five cases and no deaths for Sunday, and eight cases and one death for Monday, is the official record of the state health office, making a total for the two days of only thirteen cases.
Comparatively the report is indeed very encouraging, and it is hoped that the reports will continue to show improvement, although that is hardly possible for a few days at least.
Nearly all the patients under treatment are doing well though a few of them are in a very dangerous condition.

New Cases Sunday.
Those who were reported Sunday as having yellow fever were:
Constantine Cheriche, Intendencia and Alcaniz.
Agnes Neal, 1307 West Intendencia.
Mitchell Tourat, 406 East Intendencia.
Charles Soderlund, 700 West Main.
Henry Wright, negro, East Intendencia.

New Cases Monday.
The cases reported yesterday as having yellow fever are:
Mrs. Schultes, upstairs, 108 1/2 E. Government.
J. H. Hyde, Central Hotel, corner Government and Tarragona.
Ira R. Antonio, 715 West Main.
Henry Snowball, 680 East Government.
Ruth Glenn, 3 North Palefox.
Ruth Turner, 26 South Tarragona.
Infant of L. J. Joe, 21 South Alcaniz.
Bullin, from steamer Mari-stow (taken to hospital).

Death of Infant.
The only death reported yesterday was the infant of Mr. and Mrs. L. J. Joe, 21 South Alcaniz. The child was only eleven days old, and the mother was reported as a yellow fever patient two days before its birth.

Dr. H. H. Boulter was reported late last night as being very seriously ill; in fact little hope was entertained for his recovery. He was taken with black vomit late in the afternoon, and although given every attention, he continued to grow worse. This information was given out last night and it was received with general regret by everyone who heard it.
The report from St. Anthony's hospital at a late hour last night was to the effect that all patients were doing nicely there, and that all of them stood a good chance of an early recovery. At the colored hospital there is but one patient and he is improving very rapidly. In fact, he is expected to be out in a very short time.

Percy S. Hayes was discharged by his attending physician yesterday and will be again on the streets in a few days—possibly in the early part of next week. B. H. Thomas, is also improving very nicely, although he is not yet out of danger.
The many friends of Frank Pon will be glad to learn that he is greatly improved, although he had a very severe case of yellow fever. In all probability he will be entirely out of danger in a day or two.

Detention Camp Eligibles.
The following bulletin was issued yesterday afternoon by Dr. Porter, and there was a scramble for the bulletin board until a late hour by anxious persons who were eager to know whether or not their names had been included in the list of those who were eligible for immediate entry to the detention camp. Many of them were disappointed, believing that their names should have been included, but the list was taken from the names just as they
